SmartSpot

THE #1 SCHOOL HOTSPOT SOLUTION

Use this checklist to ensure the Wi-Fi hotspot program you choose is **easy to deploy and administer**, and **adheres to FCC E-Rate requirements**.

Wireless Connectivity

- Units can be activated via eSIM on Verizon, AT&T or T-Mobile on the same account, all on one invoice.

CIPA-Compliant Filtering & Security

- Embedded CIPA-compliant filtering for all devices registered on the network, customizable for age/grade
- An AI-based security firewall to protect from the latest cyber threats, proxies and inappropriate content

Hotspot Deployment & Management

- Fully activated, provisioned & individually kitted, ready to distribute
- Remote device & data management using the intuitive Sentinel online platform
- Technical support for IT Administrators, parents and students

FCC E-Rate Requirements

- An E-Rate Report Portal in Sentinel with easy to access reports tailored to meet FCC compliance requirements
- Automatic device usage notifications emailed to E-Rate Administrators with time to avoid deactivation due to inactivity

SENTINEL PLATFORM FEATURES:

Web Filters

CIPA-compliant filters designed for education

Device & Data Management

Manage device settings, set data allocations and time-of-day access

Reporting and Analysis

Track performance data to ensure program success
